BEN Affleck has unveiled a shockingly youthful new face — and it looks like a plastic disaster!

“He looks different — but he doesn’t look better!” said board-certified plastic surgeon Dr. Lyle Back.

“In fact, he doesn’t look like himself at all!”

The “Batman” star’s recent brutal exposure as a cheater and subsequent eviction by soon-to-be ex-wife Jennifer Garner may have inspired the apparent cosmetic overhaul.

But the experts said his investment was anything but well spent.

“He’s had the entire upper third of his face worked on, and the result is he looks more like Jack Nicholson’s Joker than Batman,” according to Dr. Back, who has not treated the star.

Dr. Back told *The National Enquirer* the Oscar winner, 43, has had massive amounts of Botox injected above his eyes — leaving him with a bizarrely startled look.

“A small amount of Botox fills your wrinkles and makes you look relaxed and well rested,” Dr. Back said. “He’s had so much put in that his eyebrows look jacked up and he’s just downed 50 cups of coffee.”

He also believes the actor’s had surgery on both his upper and lower eyelids!

NOW!

The eyes have it: a new, puffed-up look!

THEN!

Ben’s recent problems left him looking haggard

BOTCHED BEN!

“Again, it’s a case of too much work where only a little was needed,” said Dr. Back. “Fat and skin has been trimmed from both above and below the eyes, and it’s so starkly different that he might as well be Kenny Rogers.”

Ben’s also had a full load of filler flushed into his cheeks, which left the rugged star

looking like a blushing babe, according to Dr. Back.

“It’s way too much,” he said. “He’s lost the definition in his face and it’s actually feminized him a bit.”

As if that wasn’t enough, doctors believe Ben has had multiple skin peels and laser treatments, changing the texture and color of his skin.

“He’s got skin as smooth as a 20-year-old,” said Dr. Anthony Youn.

“But it’s a pretty-boy baby face that doesn’t belong on him,” countered Dr. Back. “If he was just trying to look like he’s not getting older — he failed. If he was trying to look like Justin Bieber — it’s a bull’s-eye!” **NE**

Jess' father, James, and Barbra have claimed they've tried to help Jess ...

WHILE Barbra Streisand celebrated Thanksgiving with husband James Brolin, her porky stepson was grubbing a free turkey meal from volunteers in a California park!

One year after The National ENQUIRER exposed the shabby, dumpster-diving existence of Barbra's homeless stepson, the detached diva once again left him alone during the holiday.

World exclusive photos shot by The ENQUIRER on Nov. 26 show morbidly obese Jess Brolin, 43, being fed a hot dinner with other homeless people in Ojai, a city northwest of L.A.

"It's pathetic that while Babs and her husband enjoyed a lavish Thanksgiving feast, poor Jess was left to fend for himself," blasted a source.

In a story that generated worldwide attention, The ENQUIRER documented Jess' tragic plight in a report published last year.

At the time, disheveled Jess — one of James' sons from his first marriage — was living on the streets of Ojai, sleeping in a pickup truck.

... Yet for another holiday Jess remained homeless, although he was able to enjoy a free dinner this year

"Barbra and James contend they've tried to help, but that's a lame excuse," lamented an insider.

"When you have \$550 million between the two of you, you find a way to help."

Fortunately, Jess was able to enjoy a free meal this Thanksgiving, but last year an

undercover ENQUIRER shutterbug photographed him rummaging through a garbage can for food.

Following that shocking report, a family spokesman told The ENQUIRER James, 75, had never given up on his son, despite Jess spurning all offers of help.

But during that time, Jess' dangerous situation hasn't improved.

"Jess looks even bigger than he did a year ago — and back then he weighed well over 400 pounds!" an eyewitness dished to The ENQUIRER.

Medical experts who viewed the photos told The

"While his celebrity family was nowhere in sight, at least on Thanksgiving he was surrounded by his homeless friends," added the eyewitness.

Actor Michael Hawkins waited to get food at a church

CHRISTIAN SLATER'S DAD LIVING OFF **FOOD BANK HANDOUTS**

ACTOR Christian Slater has kicked his father to the curb!

His 80-year-old pop, former soap star Michael Hawkins, now scrounges for free meals at a Hollywood food bank, *The National ENQUIRER* has learned.

"At this point, Christian's dad is virtually destitute and relying upon the kindness of others," revealed a source.

In an exclusive photo, *The ENQUIRER* snapped Michael — who starred on "Ryan's Hope" in the '70s — waiting in line at the First Baptist Church of Los Angeles to get a week's worth of food.

Michael told *The ENQUIRER*: "My son, Christian, has disowned me! He wants

nothing to do with me!"

Michael claimed he's been blacklisted in Hollywood by his ex-wife, Mary Jo Slater, who is Christian's mother.

"She poisoned the entire show business community against me," Michael insisted. "And now she's poisoned my son against me as well."

In a recent interview to promote his film, "Nymphomaniac," Christian revealed his father suffers from manic-depressive schizophrenia.

"He's always had trouble," said the "Heathers" star, 46.

Now co-starring in USA Network's cult hit "Mr. Robot," Christian said he didn't speak to his father for nine years because he was "in the middle of the relation-

ship" between his parents "and needed to get out of that."

The two reconnected in 2004 when Christian starred onstage in "One Flew Over the Cuckoo's Nest," divulged Michael.

"I was there on opening night," Michael told *The ENQUIRER*. "We embraced and he introduced me to his soon-to-be ex-wife, Ryan Haddon.

"He came the next day and thanked me. We had a wonderful conversation. At that time, he was still helping me financially. But it was the last we ever spoke face to face.

"He has teenage children — my grandchildren — who I have never met. It's very sad." *NE*

READY TO KILL

Bloodthirsty terrorist “sleeper” cells are hiding in North America — and they’re ready to unleash brutal attacks throughout the U.S.!

On the heels of the horrifying attack in San Bernardino, Calif., a hard-hitting investigation conducted by The National ENQUIRER has learned the death toll from homegrown terrorism could soar in the coming months!

Even more chilling, government officials admit they’re investigating people with ties to the Islamic State (ISIS) in virtually every state in the U.S.!

“I have been told with no uncertainty there are ISIS sleeper cells in this country!” former CIA operations officer Bob Baer said.

Dr. Marc Sageman, a former CIA case officer, told The ENQUIRER: “These are people who identify with ISIS, and they are already here! They don’t have to penetrate the borders to get here.

“They are citizens! It’s not an outside attack on the U.S., but a homegrown one precipitated from within our borders.”

In an alarming strategy, ISIS has been targeting homegrown extremists in the U.S., encouraging them to commit violent acts in our nation instead of traveling to Syria to join their sick cause.

In telephone conversations with a reporter last year, ISIS fighters suggested their leader, Iraqi Abu Bakr al-Baghdadi, is planning a large-scale, coordinated attack in the West — carried out by sleeper cells in both Europe and the U.S.!

One Islamic terrorist boasted: “The West are idiots and fools! They think they can distinguish us these days. “They are fools and

more than that, they don’t know we can play their game in intelligence.

“They infiltrated us ... and we have also penetrated them with those who look like them.”

FBI Director James Comey said in a speech to law enforcement officials in Mississippi that the agency was investigating individuals with suspected ties to ISIS in 49 states. “We have opened cases all over the place focused on this threat, so it is not ... a Washington thing,” James said. “It is something we focus on throughout the FBI.”

Cancer-stricken star ignores desperate pleas to get help

VAL Kilmer has gone home to die!

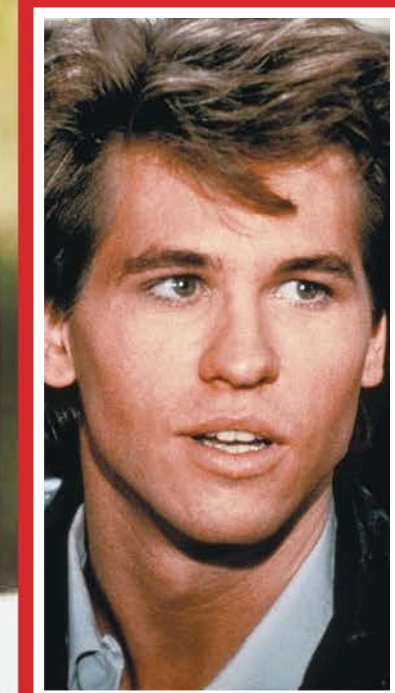

The “Batman Forever” star is battling deadly throat cancer, friends said, but carries on without facing the severity of the health crisis.

The once-handsome Val is brushing off loved ones’ pleas to get help and leaving his fate in God’s hands!

Dr. Stuart Fischer, a New York City internist who hasn’t treated Val, told *The National ENQUIRER*: “He’ll be lucky if he lives more than three months!”

Although Val has denied he’s fighting cancer, his condition has been the subject of speculation since January when he was spotted trying to hide an obvious bulge on his neck.

Ten days later, Val, 55, was rushed to a hospital after throat bleeding developed, and he was found by family members coughing up blood. A source said doctors operated and found a tumor — and then performed

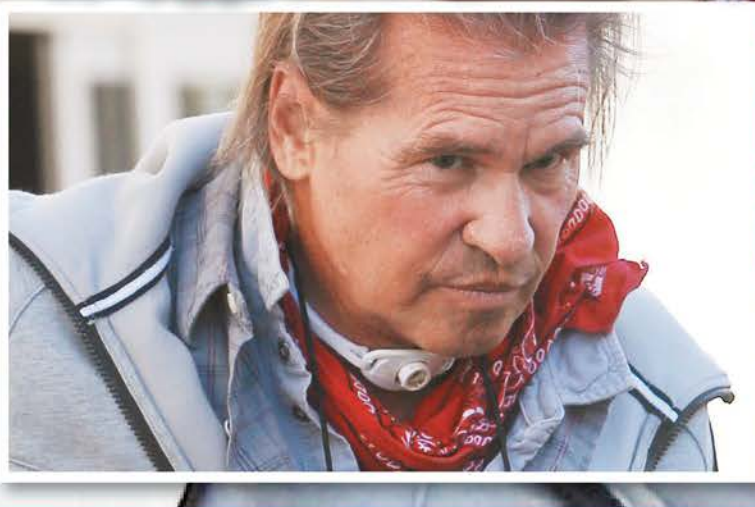

DYING KILMER IN TOTAL DENIAL!

a tracheostomy to ease his breathing.

On Jan. 31, the “Top Gun” star wrote on his Facebook page that he has “not had a tumor, or tumor operation, or any operation.”

Despite that denial, Val’s mom, Gladys Leach, admitted her son had a throat tumor and underwent a tracheostomy.

But while Gladys said her son, a devout Christian

Actor, 66, wants to settle down with lover, 32

TWICE-married Richard Gere can’t wait to tie the knot again, this time with a stunning galpal who is less than half his age!

The 66-year-old “Pretty Woman” star is eager to exchange “I do’s” with

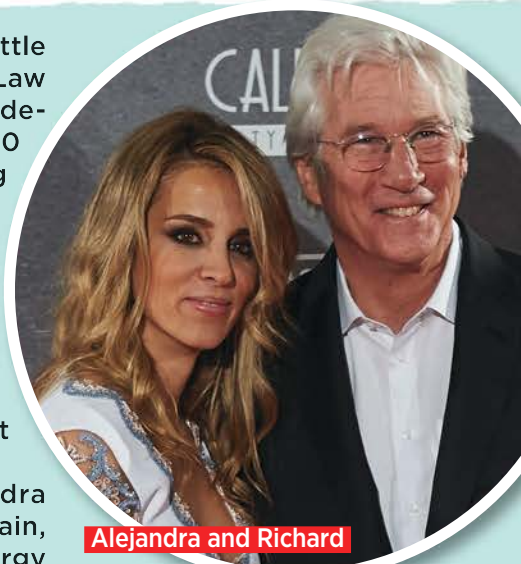

32-year-old girlfriend Alejandra Silva — as soon as his bitter divorce from Bond girl actress Carey Lowell is finalized, pals have told *The National ENQUIRER*.

Silver fox Richard and his second wife have been em-

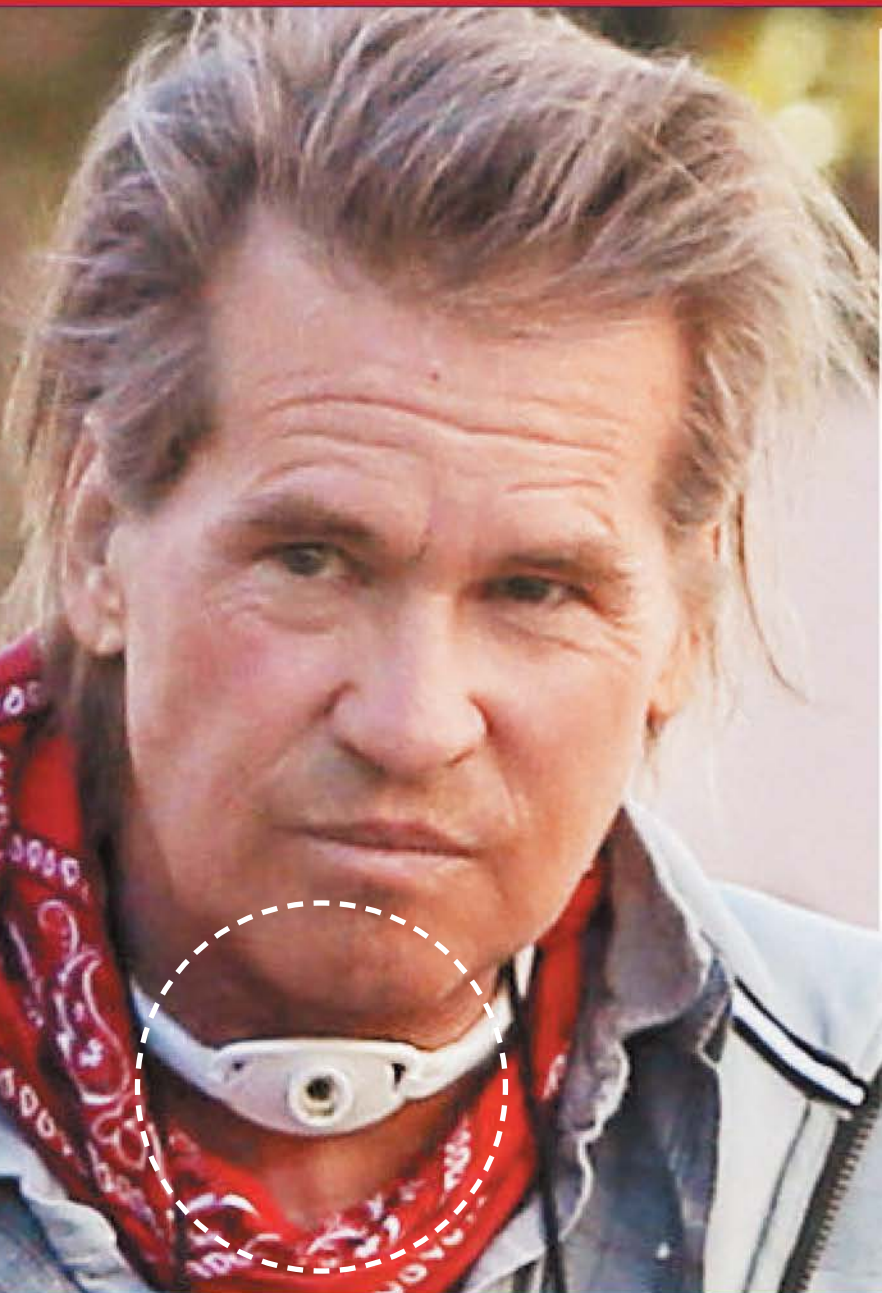

broiled in a nasty legal battle for months, with former “Law & Order” star Carey, 54, demanding half his \$100 million fortune following the breakup of their 12-year marriage. They have a son, Homer, 15.

But despite the bad blood with Carey, Richard — who was first married to supermodel Cindy Crawford — isn’t commitment-shy!

“Richard says Alejandra makes him feel young again, and he has plenty of energy

Scientist who relies on the healing power of prayer, was “miraculously healed through Christian Science treatments,” Val had to be rushed to the hospital again in February.

In late October, he was admitted to UCLA Medical Center, where he was hooked up to a tracheostomy tube.

The former heartthrob was photographed in these exclusive shots with a white breathing tube around his neck while shopping in L.A. Nov. 28.

It’s a clear sign that Val is not well, experts said.

“He’s obviously in a dire situation,” warned Dr. Otto Placik, who has not treated the star but viewed photos of him. “It’s hard to tell how much time he has. My guess is that it’s not very long-term.”

Recently, as Val was being transported through the ICU, “the medics were discussing ‘comfort care,’” a source said. Val has

admitted only to a “swelling” on his neck that was the result of a “procedure I had done which was not an operation on this area.” But he alluded to his Christian Science beliefs when he wrote that medical personnel had been “very respectful of my spiritual priorities.”

He also insisted his weight loss was due to his preparation for the film “Mark Twain and Mary Baker Eddy.”

But friends and medical experts said it’s obvious he’s living in denial.

“Val talks to the illness and meditates on it,” a pal said. “When he coughs, he interprets that as the illness leaving his body.”

The friend added that Val has been “putting up a great battle” and using holistic treatments and relaxation techniques to heal himself — but “you can see that he’s wasting away. I don’t think anything will save him now.”

Dr. Fischer summed it up more succinctly: “Prayer is not a good prescription for someone in his condition.”

Richard wants the Dalai Lama to perform the ceremony!

to start a family. They want to have a couple of kids, at least,” said a close source. “It doesn’t seem to worry Richard that he’ll soon be 70!”

As reported in *The ENQUIRER*, Alejandra, the daughter of a former senior soccer executive, is divorcing her estranged husband, Govind Friedland, the son of American mining billionaire Robert Friedland.

The two have reportedly been separated for more than a year, which is around the time Alejandra met the

“American Gigolo” actor, insiders revealed.

Richard began dating Alejandra last June, and pals said he’s desperate to have kids with the Spanish beauty.

Alejandra — a runaway bride who split with her husband last year — has a young son, Albert.

Once their divorces go through, Richard’s asked his friend the Dalai Lama to marry them in a Buddhist ceremony in Tibet, revealed a pal. And friends said the couple is a great match.

“Alejandra is not interested in Richard’s money — she comes from a wealthy family. And she’s not looking to be famous. They’re perfect for each other,” said the mole.

Richard also has a nod of approval from the original “Pretty Woman” herself!

“He’s still very close to Julia Roberts who adores his Spanish girlfriend,” added the pal. “Julia’s given her blessing.”

“After all these years, Richard feels like he’s found his perfect soulmate. He’s never been happier!” **NE**

POPE Francis has been called a living saint, but soon he might become an actual one!

The Pennsylvania family of a 14-month-old baby girl said a kiss from the pontiff has shrunk her brain tumor — and that he’s a miracle worker!

When Joe and Kristen Masciantonio took baby Gianna to Philadelphia during Francis’ September visit, they were in desperate need of divine intervention. Fortunately, they got it when Joe and Gianna were called over to the popemobile, and the pontiff delivered the life-saving kiss on the head!

Thought to be inoperable, Gianna had been given just weeks to live. The tumor formed after her blood cells attacked her brain stem after birth.

While doctors were ready to give up on Gianna, her parents were not, which led to their Hail Mary decision to travel to Philadelphia.

Joe was worried about Gianna’s immune system — already weakened by drastic radiation treatments — but a sympathetic doctor

POPE’S KISS OF LIFE!

encouraged them to go.

Kristen said she and Joe had long dreamed of having Gianna meet the Pope, so they didn’t hesitate to attend the Philadelphia mass.

Nearly two months later, following a round of several tests, the Masciantonios

said Gianna’s brain scan revealed something shocking — the tumor had shrunk tremendously!

A comparison of Gianna’s MRIs from August and November revealed a stunning difference.

“I think this is all from God.

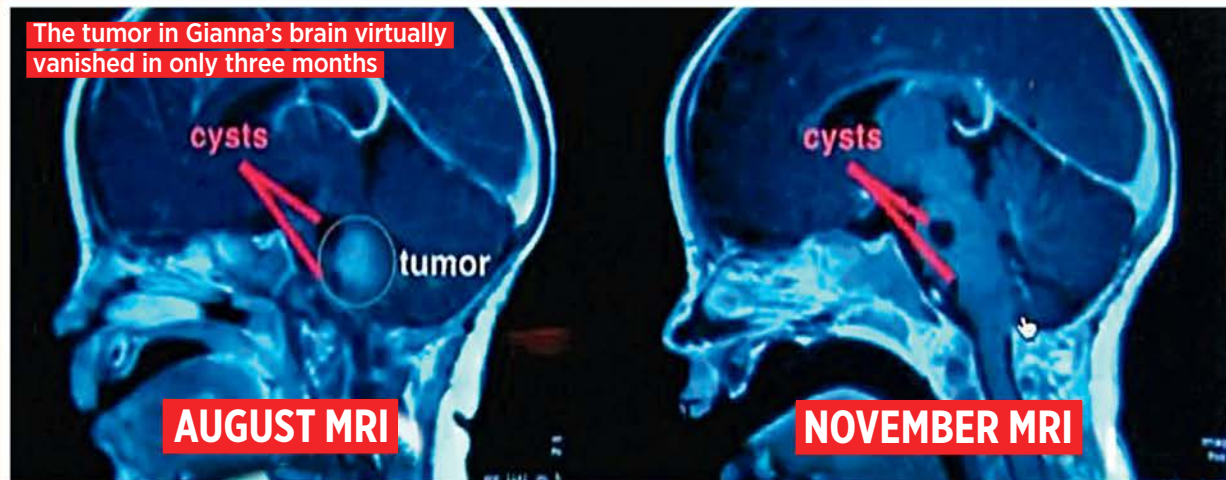

I believe the Pope is a messenger from God,” Joe said.

The proud parents also expressed that they can’t wait to tell Gianna the story when she’s old enough!

“I don’t even know how to describe that feeling,” Joe said. “The miracle is all the people who prayed. The Pope is just the messenger that God heard.”

The Masciantonios aren’t the only ones who claimed the Pope has performed a miracle.

The Cassidys of Phoenix said Francis healed their daughter on a 2014 trip to Rome. Ave, born with two holes in her heart, saw one disappear while the other had shrunk to just half its earlier size when she was 3 months old. **NE**

93 ISIS CELLS READY TO KILL AMERICANS

CONTINUED FROM PAGE 7

Prof. Ryan Mauro, national security analyst for the Clarion Project, told The ENQUIRER: “It’s crazy to think they don’t exist, and it’s a miracle we haven’t seen more of these attacks.”

“The FBI is actively investigating as many as 1,000 terrorists in America — 50 of which are being continuously monitored by top FBI teams because the threat is considered to be so imminent.”

WHAT’S MORE, intelligence leaders also fear ISIS commanders have set up camp just across the Texas border.

They have located a secret ISIS training compound in the Mexican desert — less than 10 miles from El Paso, The ENQUIRER has learned.

The ISIS group in Mexico is suspected of coordinating attacks in the U.S., and investigators are understood to be looking into possible links between the group and Syed Rizwan Farook, 28, and Tashfeen Malik, 27.

The heavily armed married couple massacred 14 innocent victims and injured 21 others in a volley of gunfire in San Bernardino on Dec. 2.

After the attack, an armory of weapons, including thousands of rounds of ammunition and a dozen pipe bombs, were found at the

home they shared with their 6-month-old daughter.

“This couple had a great familiarity with weapons and military-style tactics. Law enforcement will want to know how they acquired that,” an intelligence insider told The ENQUIRER.

“If the suspicions of anti-terrorist specialists prove correct and there’s a direct link with the ISIS leadership in Mexico, it will be our worst fears coming true.

“Terrorists are operating right in our backyard, but there is nothing we can do!”

That’s because the Mexico-based militants are believed to be paying a murderous drug cartel to protect the remote training camp, as well as smuggle terrorists across the U.S. border through well-established drug routes.

After two ISIS “soldiers” launched an attack on an event in Garland, Texas, in May, the terror group brazenly claimed to have “71 fighters in 15 states,” with more than two dozen fighters “ready for missions.”

The group also claimed to be plotting attacks in Virginia, Maryland, Illinois, Michigan, and — ominously — California.

“Since the San Bernardino massacre, intelligence agents across the country have been on high alert,” added the insider.

“Although the government knows about the training camp, there’s nothing they can do because of its location and the high level of security surrounding it.

“All the security services can do is remain as vigilant as possible to try and stop the next attack.”

‘NICE, WHO A M

SYED Rizwan Farook seemed to have it all — a steady job in sunny California, a devoted wife and 6-month-old baby girl.

But, as America now knows, ugly secrets lurked beneath the surface.

On Dec. 2, Farook and his wife, Tashfeen Malik, were armed to the teeth when they killed 14 people and injured 21 others in a hail of gunfire at his workplace, the Inland Regional Center.

Born in Chicago to Pakistani immigrants who eventually moved to the Golden State, Farook attended La Sierra High School in Riverside and

belonged to the school’s Muslim Club. He prayed at the Riverside Islamic Center and took his religious studies seriously.

After graduating from Cal State San Bernardino in 2010, Farook landed a part-time job with the

A traumatized victim was carted to safety

San Bernardino County Health Department that eventually turned into a full-time gig as a restaurant and pool inspector.

“He had a steady job. He was a nice, quiet man,” Mostafa Kuko, director of the Islamic Center of Riverside told The National ENQUIRER.

Farook found peace in the mosque — or so it seemed.

He stopped attending the mosque, and made several trips

to the Middle East. On his last trip to Saudi Arabia in 2014, he brought back a bride from Pakistan, Malik, whom he met on an online dating site.

Farook likely made contact with and was recruited by ISIS during that trip.

As their bloody attack unfolded, his wife used an alias on Facebook to pledge allegiance to an ISIS leader.

“It was no accident that

Syed went to Saudi Arabia to meet and marry his Middle Eastern bride,” a source close to the investigation told The ENQUIRER.

“These people were well-financed and bankrolled. Their house was stockpiled and there were plans to kill many others.”

After their act of terrorism, a neighbor in Redlands, Calif., said: “They were known as the ‘Muslim newlyweds,’ and they basically kept to themselves. “His job was becoming dull to him. He was just going through the motions. He told me he thought there was more to life than this, and he seemed like he didn’t want to be here in the U.S.”

HOLLYWOOD icon Robert Redford has been hiding intimate personal secrets for decades, but The National ENQUIRER has uncovered the truth!

The bombshell revelations include shocking details about the two-time Oscar winner's ferocious sex drive, shattering nervous breakdown, gang activity, pot smoking and terrifying bout with polio.

"Robert's secrets expose the star — the good, the bad and the ugly!" a source told The ENQUIRER.

"He's lived an incredible life, but no one has uncovered his personal secrets until now."

The sizzling secrets date back to "The Sting" actor's childhood in Van Nuys, Calif., where a Hispanic gang, the Pachucos, bullied him.

One of the gang's members often beat him up, "probably because I went to a good school, I was good at track and popular with girls," Robert recalled.

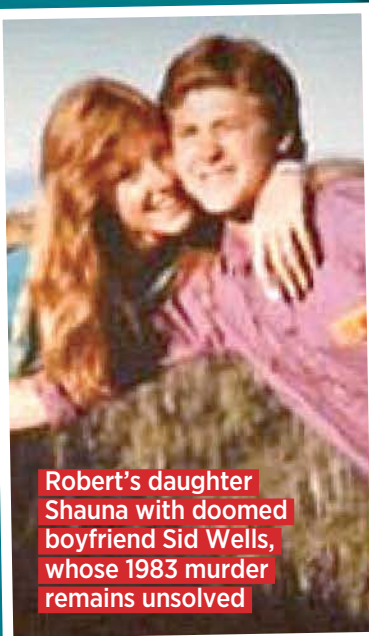

But "The Horse Whisperer" star also belonged to a gang — the Barons!

- He had a **NERVOUS BREAKDOWN** living in Italy

Robert's daughter Shauna with doomed boyfriend Sid Wells, whose 1983 murder remains unsolved

A friend recalled: "We were a street gang, there's no other name for it. The Barons became our camouflage for all kinds of petty theft."

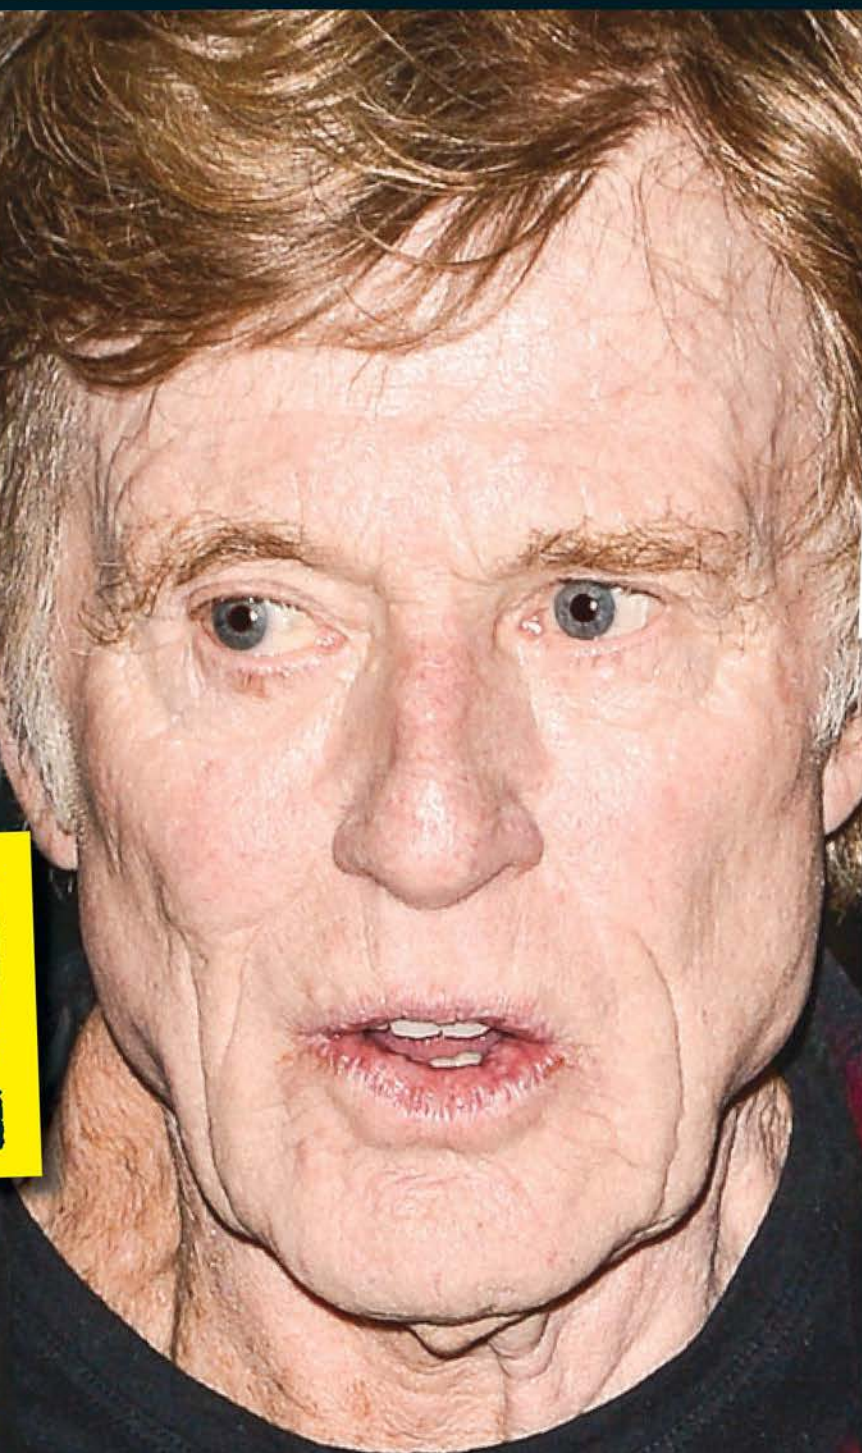

For Robert, now 79, that included stealing beer and breaking into empty properties for all-night booze parties.

He was busted for breaking into a girls' school at night, and also for driving in a car that had stolen jewelry in the trunk.

The future screen idol also smoked marijuana and hashish, and started drag racing, once crashing a coupe while driving 90 mph!

As for his voracious sexual appetite, Robert confessed: "I was impatient. I didn't know what it was, but I wanted it, as much as I could get."

One of his early conquests was Waverly Scott, the daughter of '40s film star Zachary Scott. Their mothers

were friends, and Robert described the two teens playing “mischievous hide-and-seek games testing each other’s boundaries” at Waverly’s house.

During one game, the couple heard noises coming from downstairs, and found Waver-

ly’s mother making love — but not with her husband!

“I didn’t know who he was ... I didn’t realize I was witnessing ... the start of Elaine’s big affair with (celebrated author) John Steinbeck,” recalled Robert.

The “Butch Cassidy and the Sundance Kid” stud earned a

Robert won a Golden Globe for his role opposite Natalie Wood in 1965’s “Inside Daisy Clover” — and the pair had an affair

baseball scholarship to the University of Colorado, but lost it due to boozing!

After that, he traveled through Europe with a pal, but was living by himself in Florence, Italy, painting and studying art, when he suffered a nervous breakdown.

Isolated and alone, Robert quit eating and spent hours staring at himself in a mirror. One night, he began to hallucinate that he couldn’t see his flesh or bones.

“I started to laugh and then I started to cry and I couldn’t stop. It was the weirdest thing. My old self was gone. Dead. I was not the same person after that night in Florence,” he recalled.

HEALTH-WISE, he dodged a bullet when he woke up paralyzed after a day at the beach.

“The previous day was excruciatingly hot,” Robert recalled. “I had been down at the beach, in the ocean on a paddleboat with a friend. There was an allotted area to pedal in near Santa Monica Pier, but ... I pedaled out too far and got dehydrated.

“I barely made it back to shore. I became ill, and then

polio was diagnosed.”

Robert was just 22 when he married 19-year-old Lola van Wagenen in 1958. But while filming the 1965 romance “Inside Daisy Clover,” he had an affair with his co-star, doe-eyed ingénue Natalie Wood, or as he described it, “a closeness beyond friendship.”

While filming the 1986 rom-com “Legal Eagles,” his marriage was crumbling, and he reportedly had an affair with co-star Daryl Hannah.

THE STAR HAS also known his share of tragedy.

Son Scott, his first child with Lola, died of sudden infant death syndrome two months after his birth. “It felt like retribution,” Robert said. “This, I felt, was a disaster entirely of my creation.”

In August 1983, his daughter Shauna’s college beau, Sid Wells, was gunned down in his condo. The actor halted production of “The Natural” to attend the funeral in Boulder. The murder suspect, Sid’s roommate, remains at large.

In 1997, Robert confessed the murder still haunted him, saying: “It’s like a partially opened door with a very dark room behind it.” **NE**

Two and a Half Men ... and three lesbians!

THE TV series "Two and a Half Men" has exploded in yet another sex shocker!

Actress Holland Taylor — who played the mother of HIV-infected star Charlie Sheen's character — is tangled up in a lesbian love triangle! She's hooked up with Sarah Paulson, 40, of TV's "American Horror Story," but Sarah's been linked to her "AHS" co-star Jessica Lange!

Blonde Sarah "was a good friend and a shoulder to cry on" after Jessica, 66, split from her longtime squeeze, actor/playwright Sam Shepard, a source said.

Though Jessica denied the relationship was sexual, that friendship "blossomed into love" as the two women worked on the FX series from

2011 until this year, said the source. But then Holland was spotted with Sarah — and the 72-year-old Hollywood veteran recently announced she's gay and in a relationship with a younger woman!

"AHS" co-stars Sarah and Jessica

Holland has insisted she never kept her sexual preference a secret, adding: "I haven't come out because I am out. I live out."

The smitten star recently posted a photo of Sarah's back on social media, writing: "When captions fail." She's called her new relationship "the most wonderful extraordinary thing that could have ever possibly happened in my life."

Neither actress has been married, but Holland confessed: "It would be a wonderful thing to do."

TROUBLED 'BUFFY' STAR BRENDON BEGS DR. PHIL FOR HELP!

Nicholas drunk and slumped on a sidewalk in September

BOOZE-addled "Buffy the Vampire Slayer" star Nicholas Brendon has finally come clean about his drinking problem!

After storming off the "Dr. Phil" show in August when confronted about his drinking, the 44-year-old actor called a producer and begged for help, according to an audio recording.

During a Dec. 1 interview with the TV shrink, Nicholas confessed he'd tried to commit suicide by cutting his wrists on Sept. 22 — an incident caught on a shocking video obtained by The National ENQUIRER.

The actor said he'd mixed alcohol and sleeping pills,

adding: "I think I wanted to be helped."

His alcohol issues date back to March 2010 when he was tasered and arrested by Los Angeles police.

Following a stint in rehab, Nicholas was busted again in October 2014 after going on a bizarre rampage in a hotel in Boise, Idaho.

He was arrested several times in 2015 before entering a treatment facility in June, and his August appearance on "Dr. Phil" was meant to reassure fans he was getting his life in order.

Instead, he stormed off the set, complaining the TV shrink wanted him to "lay the darkest parts of myself on national TV." Soon after, Nicholas was arrested on charges of attacking his girlfriend at a hotel.

After the Dec. 1 interview, Nicholas — who's blamed his substance abuse on being molested as a child — checked into rehab.

A source said: "He's finally coming to grips with his issues. It's years overdue." **NE**

JUSTIN IN SCUBA DIVING DEATH DRAMA!

Jen's husband nearly drowned on their **NIGHTMARE HONEYMOON**

While on a scuba dive during his and Jen's honeymoon, Justin ran out of oxygen

JENNIFER Aniston and Justin Theroux were hoping for a killer honeymoon — next time, they'll be more careful what they wish for!

First, the newlyweds were thrust into a murder probe when one of their guests — film producer Joel Silver's assistant, Carmel Musgrove, 28 — washed up dead on a beach in Bora Bora.

Now Justin has revealed he nearly booked a one-way trip to Davy Jones' Locker while scuba diving!

The ripped star of "The Leftovers" told a frightening tale during an appearance on "Live! with Kelly and Michael." A nearly empty oxygen tank sent Justin into dreadful panic during a diving lesson — and his French

instructor just ignored his impassioned pleas to resurface for a new one!

"He just kept swimming away from me," Justin said. "I got to my friend (and said), 'Dude' or whatever the symbol for dude is ... 'look!'"

Justin, 44, showed the dangerously low oxygen indicator on his tank to the pal who was also diving, who cried, "Oh, my God! You are about to die!"

Thankfully, the instructor finally took notice and assisted Justin.

"He pulls the emergency respirator out, puts it in my mouth, hits the clear button, which sends all these bubbles out, and it sends

water down my throat," Justin continued.

"So now, I'm also linked to this jerk because now I have to swim alongside him, and finally he rolls his eyes and we go up."

Justin humorously added: "I'm just looking at this guy

through my mask (thinking), 'I'm going to murder this guy.' I was going to throw the biggest haymaker!"

After hearing the fateful tale, one insider said: "Wow, this should have been one of the happiest times in Jen and Justin's lives together." **NE**

CHARLIE MADE ME

Sheen's fiancée sues star over aborted pregnancy

CHARLIE Sheen didn't want an AIDS baby — so he forced his porn-star lover to have an abortion!

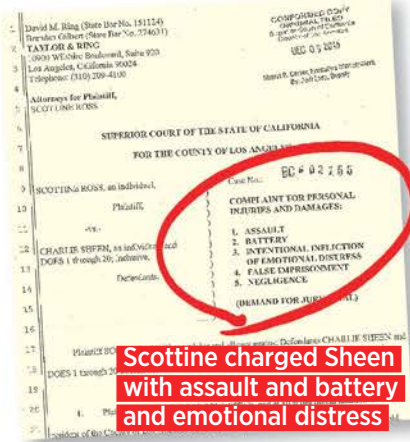

That's what the HIV-positive actor's ex-fiancée, Scottine Ross, has claimed in a bombshell lawsuit against the fiendish former “Two and a Half Men” star!

In the suit, Scottine not only maintains the sex- and drug-crazed actor hid the fact he had the AIDS virus when they started their relationship, but he forced her to abort their unborn child out of fear the baby would be HIV-positive, too!

The ENQUIRER first reported April 1, 2015 that Scottine claimed she was assaulted and forced to undergo an abortion.

Scottine's suit, filed in L.A. Superior Court Dec. 3, said she learned she was pregnant with Charlie's child in March 2014.

The suit claimed Charlie

got “extremely upset” when Scottine told him she was expecting. “Sheen indicated that he did not want his child to have his blood type (i.e., HIV-positive) ...(and) told plaintiff that she had to have an abortion,” the suit stated.

When Scottine objected, Charlie “erupted into a fit of rage, stating he would ‘kick her to the curb’ if she did not have an abortion, and that he did not want her ‘to give birth

to a retarded child,’” according to the civil suit.

Scottine, 26, terminated the pregnancy “after much pressure and threats,” the suit said.

Scottine's now suing Charlie for assault and battery, as well as emotional distress and negligence for not disclosing his HIV status when they first had sex in 2013.

The actor, 50, has denied that he failed to disclose his status to sexual partners.

In the suit, obtained by The National ENQUIRER, the former porn star — who worked under the name Brett Rossi — said she first met Charlie on Nov. 1, 2013, after arriving at his L.A. home to have sex with him for \$10,000.

She said they hit it off and began a relationship. But Charlie later “became violent and abusive and uncontrollable” during drinking and drug binges.

Her attorneys also said that

in late October or early November, Charlie's legal counsel tried to resolve her claims for \$1 million, to be paid on Dec. 2.

But after revealing his HIV status on the “Today” show on Nov. 17, Charlie claimed Scottine breached the agreement, and he refused to sign settlement documents, said her suit.

The Oct. 12 issue of The ENQUIRER published photos of Scottine burning mementos of their life together.

“Now, Scottine plans to torch Charlie in court,” said a source. “She thinks he's hiding money even though he's crying poor! She really wants to make him pay!”

Brave Burt turned down medical help after his fall

BANDIT BURT'S HEART ATTACK HORROR!

HOLLYWOOD '70s heartthrob Burt Reynolds tumbled in a terrifying coronary collapse in front of a London studio audience, who gasped in horror!

While entering the studio to appear on “The Jonathan Ross Show,” Burt “was stricken and his feet literally went out from under him and he ended up flat on his back!” an eyewitness told The National ENQUIRER.

A friend of the Oscar-nomi-

nated actor wasn't surprised by the incident and said: “Burt is a heart attack waiting to happen!”

In a bombshell world exclusive, The ENQUIRER has obtained stunning photos of Burt's near-tragic fall.

While the “Smokey and the Bandit” star, 79, quickly recovered, bravely refusing medical attention, the friend told The ENQUIRER: “No doubt this was a coronary drama. The

guy shouldn't have been there, he should have been home in bed. His days are numbered. He's a breath away from a massive heart attack that's going to send him to the grave.”

Once a strapping 5-foot-11, 175-pound halfback at Florida State, the twice-divorced star is now a “shell of his former self,” said a source, and has wasted away to a skeletal 98 pounds!

SHAKIRA IN SEX TAPE BLACKMAIL PLOT!

COLOMBIAN bombshell Shakira is allegedly being blackmailed, and it's an ex-employee of hers who's extorting her!

The curvaceous singer, who topped the charts with "Hips Don't Lie," has been told to fork over "a large sum of money" for an alleged sex tape she made with hunky Spanish soccer star Gerard Pique (top), the baby daddy of her two kids, Milan and Sasha.

If Shakira doesn't pay up, the ex-employee has vowed to make the sex tape public, potentially embarrassing the couple and costing them millions in lost sponsorships!

While details of what's on the tape are sketchy, the purported porno reportedly shows Shakira, 38, and Gerard, 28, "in sexual acts."

While the beautiful power couple denies such a tape exists, there's no doubt curious fans would love to watch the two being intimate! **NE**

Burt's tumble alarmed the London audience

years later he was rushed to the hospital, suffering from severe dehydration and flu.

The cash-strapped star, who has battled booze and painkiller addictions, is gaunt and also remains in agony from

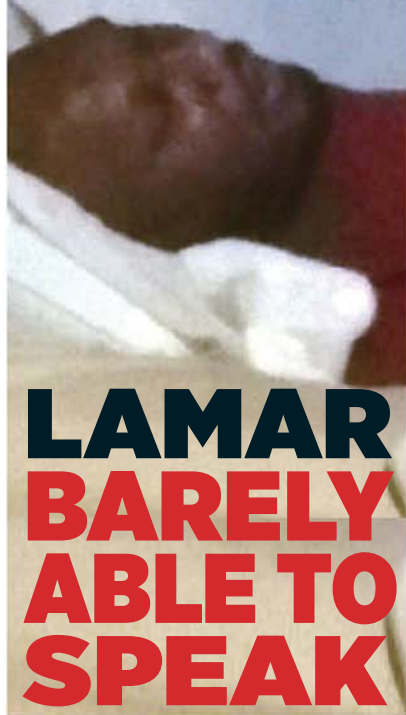

arthritis and back pain.

"It appears the strain on his heart is enormous and the next cardiac episode he suffers could sadly end his life," top medical expert Dr. Stuart Fischer told *The ENQUIRER*.

The *ENQUIRER* show Burt entering the studio, where he "looked like death warmed over," said an eyewitness.

Though Burt's representatives said the fall was a joke, an insider claimed "he could barely walk out of the car that deposited him at the entrance. He was hunched over and had a cane, but the moment he stepped from the vehicle, he needed the help of several minders to keep him upright."

In 2010, Burt had quintuple heart-bypass surgery. Three

LAMAR BARELY ABLE TO SPEAK

TWO months after Lamar Odom's drug-fueled sex romp at a Nevada brothel nearly killed him, the former NBA star can barely speak, and the Kardashians are downplaying the extent of his brain damage!

While wife Khloé raced to his bedside following his overdose, she was recently photographed with another hoops hunk, James Harden.

Khloé, 31, even posted a photo on Instagram of a bouquet of red and white roses she received but was coy about the sender's identity.

James, 26, plays for the Houston Rockets, whose teams colors are red and white.

The Kardashians are said to be exaggerating Lamar's recovery so their public image won't take a hit.

While Khloé flits about, Lamar, 36, who's also incontinent, is forced to recover with little support.

"He really only mumbles and can barely string a few words together," said one insider, who also believes the brain damage is obvious.

GWEN & BLAKE TAKE IT TO THE NEXT LEVEL!

He proposes after she meets parents

THE "Hollaback Girl" is goin' country!

Gwen Stefani's romance with Blake Shelton took a turn south — to Oklahoma — so she could meet his parents before he surprised her with a marriage proposal!

A source told The National ENQUIRER before Blake popped the question, he wanted his mom, Dorothy, and stepdad, Mike Shackelford, to "approve her."

Marilyn Philips, a longtime family friend of the Sheltons, revealed to The National ENQUIRER: "I think when Blake introduced her to the family here, it's the most country she's ever been!"

The informant added: "Blake hopes to marry Gwen in the spring — and his parents

couldn't be happier."

The revelation is just another in a string of ENQUIRER scoops on Gwen and Blake's blooming romance — as well as their mutual divorces!

The ENQUIRER was the first to report on Blake and Miran-

da Lambert's troubled union — way back in May 2013!

Now "The Voice" coaches Gwen, 46, and Blake, 39, are so gaga they can't keep their hands off each other during promos for the hit NBC show!

Gwen is also registering rave reviews among Blake's country pals in his southern Oklahoma home.

"Whenever Miranda would come in she wouldn't want to take any pictures with us," Blake's bud, Justin Perry, exclusively told The ENQUIRER.

"She's a very cold person, very stuck up, you know? She would try to act like a bigger celebrity than him.

"Gwen's no country music singer, she's everything he's not had before.

"Maybe that's what he needs right now."

Gwen slapped Gavin Rossdale with a divorce suit in August, and Blake and ex-Miranda officially split in July after four years of marriage.

Miranda FEUD gets messy with Jessie!

FEISTY firecracker Miranda Lambert is slamming a B-list country star for blabbing about her failed marriage to Blake Shelton!

Nashville sexpot Jessie James Decker "has been stoking the flames" about rumors Miranda, 32, cheated on Blake, said a source, and that he hooked up with Gwen Stefani before his divorce.

Jessie hinted at the ex-couple's dirty deeds in a recent interview, saying: "I think some people probably knew about some things for a long time. I think maybe some people saw it coming, may-

be some people did not."

Now Miranda is locked and loaded, said a source.

"Miranda is furious that Jessie is airing her dirty laundry. She sent a message to Jessie telling her to shut up," dished the insider. "Miranda thinks Jessie was trying to get attention for herself by making a coy reference to

the cheating rumors.

"If Jessie keeps mouthing off about Miranda, then Miranda's going to start spilling secrets she's heard about Jessie's marriage!"

Jessie, 27, has two children with NFL hunk Eric Decker of the New York Jets.

Miranda opened up about the divorce in a recent interview, and seemed to take a direct shot at Jessie.

"We're moving forward," the singer admitted. "We don't need all the opinions."

Added the source: "Miranda is a powder keg about to explode. She won't take Jessie's jabs lying down." **NE**

TRAITOR OBAMA MUST GO NOW!

IT'S time for President Barack Obama to be impeached!

That's the rallying cry of fed-up Americans after the horrific terrorist attack in San Bernardino, Calif.

"He's got blood on his hands!" Pamela Geller, author and editor of Atlas Shrugs.com and president of the American Freedom Defense Initiative, told The National ENQUIRER.

"Obama seems determined to keep Americans ignorant and complacent about the nature and magnitude of the jihad threat."

National columnist Debbie Schlüssel is calling for the president's immediate impeachment.

"Obama must go NOW!" she told The ENQUIRER.

"He is handing over this country and the rest of the world to Islamic terrorists. He's put American lives at

risk. It's obvious he doesn't care what happens here."

The ENQUIRER has learned the FBI told the president it is conducting as many as 1,000 investigations into Islamic State sympathizers inside the U.S. Despite that, Obama has continually dismissed ISIS, a highly organized and determined group, privately telling aides they're only a "junior varsity squad."

A top Justice Department

source told The ENQUIRER: "He's put his head in the sand. The president has no idea how to deal with ISIS or any other extremist terror group who think it's now open season on the USA!"

Obama also ignored reports from key U.S. intelligence officers that an attack was imminent in a major European city, experts said — just 24 hours before the recent Paris massacre!

In yet another show of disre-

ENQUIRER SAYS ...

CLUELESS LEADERSHIP MUST GAIN CONTROL

HOW many people have to die in the streets? How many more children?

There have been 352 mass shootings over 337 days in America — each followed by anger, anguish and inaction.

Many of the weapons used in the rampages were acquired

"legally." But that is no consolation to those who buried their babies three years ago in Newtown; there have been over 140 school shootings since that December 2012 massacre of Connecticut first-graders. And now ISIS terrorists have sprayed a San Bernardino, Calif., holiday

party with high-tech ammo from legally acquired semi-automatic firearms.

The time has come to face this inexcusable fact: Our nation's shamefully ineffective leaders have a lot of blood on their hands.

Recent proposed legislation would have kept

weapons from suspected terrorists on the government's "no fly" list.

Another would have tightened the background checks on gun buyers, intending to weed out the mentally unstable. Both measures were shot down by Senate lawmakers.

Is that right?

The National ENQUIRER respects the Second Amendment and the right of every red-blooded American to own a gun. It is a sensible choice in these unsettled times. But the moment has come for reasonable people

TERROR IN THE USA

Obama has refused to admit in meetings that terrorist cells are in place throughout U.S. cities and towns

gardless for the people, Obama has refused to admit in top-secret intelligence meetings that terrorist cells and suicide bombers are already in place in dozens of U.S. cities and towns.

EVEN RUSSIA'S leader, Vladimir Putin, is shaming Obama with his bold, decisive moves against ISIS, which have included devastating air strikes.

While Putin has vowed, "We'll hunt them everywhere," the Justice Department source said: "Obama's policy is cowardice and appeasement — even First Lady Michelle is disgusted by him!"

Leading Republican presidential candidate Donald Trump said if he was in charge, he'd target the terrorists' loved ones!

"You have to take out their families," the billionaire real estate mogul declared after the California massacre.

"They care about their lives, don't kid yourself ...

There has to be retribution. If you don't have retribution, you'll never stop terrorism."

With the president dithering, the "Toughest Sheriff in America" has a solution for preventing terrorist attacks — keep packing!

Sheriff Joe Arpaio of Arizona's Maricopa County called on the nearly 250,000 residents of his state who have concealed weapons permits to stay armed and vigilant.

"I'm just talking about the areas where you have large crowds and someone pulls out the gun and starts shooting. Maybe someone with a concealed weapon takes the guy down," Sheriff Joe said.

Increasingly nervous Americans apparently agree with his logic.

The record for the most firearms background checks processed in a single day was set on this year's "Black Friday" of the Christmas shopping season! **NE**

to construct and enforce reasonable rules. Do we really want to put guns in the hands of suspected terrorists and the mentally unstable? Does everyone need immediate access to heavy weapons? Are we protecting an ideal at the expense of our kids' lives?

All Americans — conservatives, moderates and liberals alike — must call a halt to the bickering and demand our leaders take effective action to address this rampant gun violence.

Wake up, Washington. End this lunacy now.

SPEAK OUT, AMERICA

Make your case, America! Do we need stronger guidelines to make sure we never let another terrorist or psycho get his hands on a gun? Raise your voice and we will share your comments with leaders in Congress.

IT'S THE WORST YEAR OF MY LIFE, SOBS PALIN

ALASKAN mama bear Sarah Palin clawed back from two tough cuts this year: getting axed from Fox News and undergoing cancer surgery!

Daughter Bristol, 25, who added to the 2015 drama with a third broken engagement and a second out-of-wedlock child, pushed Sarah to put her health first.

"Bristol said, 'Mom, you need to go into the doctor and get that thing checked,'" Sarah said of her terrible tumor scare. "She insisted and I resisted, so I finally went in to a doctor and got something checked."

A biopsy quickly revealed she did indeed have cancer. But the 51-year-old politico assured: "A surgeon dug it out and everything was okay."

Pistol-packin' Palin was also dropped from her political analyst post with Fox News.

"They can fire someone for wearing the wrong color tie," she said. "That's their prerogative."

She may not have any hard feelings, but Sarah still dubbed 2015 her "toughest year."

LONGTIME "Friends" Courteney Cox and Jennifer Aniston are close to breaking up — over Courteney's surprise split from rocker fiancé Johnny McDaid!

"Since day one, Jen has loomed like a dark cloud over Courteney and Johnny's relationship," dished a source.

"She was definitely a factor in the split, and now the only thing Courteney and Johnny can agree on is that they partially blame Jen for their undoing!"

As The National ENQUIRER exclusively reported, Johnny moved out of Courteney's two L.A. homes right before Thanksgiving, and skedaddled back to his native Ireland less than a month before their pre-wedding bash.

The Snow Patrol musician, 39, and Courteney, 51, had been dating six months when he proposed in June 2014 at Jen's L.A. home.

"Courteney and Johnny's relationship began its death spiral right after Jen's wedding in August," added the source.

"After Jen strong-armed fiancé Justin Theroux into tying the knot, she insisted Courteney pressure Johnny into setting a date.

"But Johnny resented Jen's meddling. He believed that he and Courteney needed to work through their issues first. Johnny even told Jen to

back off."

Among their issues, Johnny was suspicious about Courteney's close relationships with her male co-stars, sources claimed.

She dated her "Cougar Town" co-star, Brian Van Holt, in 2013, and fell for ex-husband David Arquette while they filmed "Scream" in 1995.

Besides that, Courteney hated Johnny's cigarette smoking, and forced them

into therapy over his habit.

According to sources, their split was so bitter that Johnny left without saying goodbye to Courteney's 11-year-old daughter, Coco.

Added the source: "Johnny warned Courteney more than once that Jen was stirring up problems, so now Courteney is kicking herself for letting Jen come between them.

"She's even said she'd dump Jen if Johnny agreed to take her back." **NE**

SEAN LURES CHARLIZE BACK TO THE SACK!

EX-LOVEBIRDS Charlize Theron and Sean Penn are now “friends with benefits!” The “passionate” pair — who called it quits in June — is hooking up, despite Sean’s recent reconnection with ex Madonna, sources told *The National ENQUIRER*. “It’s happened a few times,” revealed the insider. “Sean is crazy about Charlize. He never wanted things to end. He made every effort to stay in contact with her because as far as he’s concerned, she’s his soulmate.”

But Charlize, 40, considers her hook-ups with Sean, 55, as a practical way to pass the time until she finds another man.

“Slowly but surely, though, he’s wearing her down,” the source said.

BELLA’S HAVING A BABY!

THE hits keep comin’ for embattled dad Tom Cruise!

The “Top Gun” star wasn’t invited to 22-year-old daughter Isabella’s secret wedding to Max Parker on Sept. 18.

Now, we can exclusively report she’s pregnant, and refuses to raise her child in Tom’s Scientology faith!

“Bella has cut ties with Scientology, and she’s made it clear she won’t raise her child in the church,” our source spilled.

Tom adopted Bella with second wife Nicole Kidman. But he’s become increasingly estranged from her.

“Bella has been working on mending fences with Nicole,” the source added. “Tom is definitely the odd man out.”

DEMI’S EYEBALLING ALEC!

DEMI Moore has set her sights on “Blind” co-star Alec Baldwin — and that’s got his wife seeing red!

The “30 Rock” star, 57, and wife Hilaria, 31, have two children, but he’s “had a crush on Demi since they co-starred in ‘The Juror’ 20 years ago!” said an insider. “Now that they’re working together again, the flame has reignited!”

The 53-year-old actress “hasn’t been on a date in ages, and she’s hungry for male attention,” the source said. “She’s telling everybody Alec is her dream man.”

That’s got fiery Hilaria steaming mad! “Hilaria feels neglected,” added the source. “She’s counting the days until the film wraps, and then she’s going to put Alec on lockdown!”

Who’s Doing Who?

Yolanda Foster is no longer a “Real” Housewife. She and songwriter/producer David Foster have called it quits on their four-year marriage!

Actor Josh Hartnett and girlfriend Tamsin Egerton — a couple since 2012 — became a trio when they welcomed a baby girl on Nov. 30.

Tim Tebow has been sacked ... again! Former Miss USA Olivia Culpo benched the ex-NFLer — and devout Christian — for his no-sex stance!

VANESSA'S ENVY OVER LILY'S LOVE FOR AMBER!

JOHNNY Depp's daughter, Lily-Rose, acts more like a sister than a daughter with stepmom Amber Heard, and it's driving her real mom, Vanessa Paradis, nuts!

"All Vanessa hears from Lily is 'Amber this,' and 'Amber that,'" a friend dished to The National ENQUIRER.

"Vanessa is seething over how much Lily and Amber have bonded!"

Though they were never married, Vanessa and Johnny were together for 14 years and are parents to Lily-Rose, 16, and brother Jack, 13.

Now the kids split their time with Vanessa in France and Johnny and Amber in L.A., and insiders said their

Amber and Lily-Rose bond over shopping

mom is concerned they "like Hollywood life a little too much."

"Amber constantly takes Lily shopping and Jack to Disneyland, and Vanessa's finding it hard to compete," revealed the source.

"Vanessa tries her best to get along with Amber for the kids' sake, but it's hard for her to see them get so close to someone else."

Olsen and Hiddleston are through!

TOM Hiddleston and rising star Elizabeth Olsen have ended their secret romance that began on the film set!

Sparks flew between the "Thor" actor, 34, and Elizabeth, 26, last year when they began filming the Hank Williams biopic "I Saw the Light," sources said.

But on Nov. 30, Elizabeth — the younger sister of headlining twins Mary-Kate and Ashley Olsen — "called things off before it got too serious," revealed the insider, adding the two parted as friends.

"She told Tom if it was another time and place in her life, she would have liked to see what they had together. But playing husband and wife on screen, sometimes the passion overtakes you."

CRIME plagues America. **But you can stop it!** The National ENQUIRER and its millions of readers have joined forces with the FBI to bring these evil criminals to justice. Police in Mumbai discovered a "flourishing sex trade" operating from a spa on property leased from break-

out "Quantico" star Priyanka Chopra and her mom!

After getting a tip that the spa was being used for prostitution, cops raided it on Nov. 7, and arrested the manager and three women.

The owner of the spa, Manik Soni, fled.

According to a source, Soni is very active in India's film business, known as Bollywood, and "is also known for organizing star-studded bashes that are routinely attended by TV actors, film stars," and cricket players.

Authorities said once they arrest Soni, "we would get to know the details of the arrangement between him" and the Chopras.

The entire floor where the spa operated is in the Cho-

pras' name, said a source.

But Priyanka, a popular Bollywood star before "Quantico," has claimed she had no idea what was going on at the spa — even though it was next door to a clinic run by her mother, Madhu.

"When we rent properties we don't go and check what is happening in the bedroom," she insisted.

"Hence I had no knowledge about what is happening there.

"We are law-abiding citizens and if there is anything that is against the law, we will obviously stand by whatever the cops say."

Priyanka, 33, said she's sent a legal notice to Soni asking him to vacate the property.

The exotic beauty, crowned Miss World 2000, plays an FBI recruit who's suspected of masterminding the largest terrorist attack in U.S. history on "Quantico."

But the ABC show came

under fire even before its September premiere, with some blasting its hypersexualized nature. Priyanka appeared nude and draped in an FBI flag in one promo, while another featured her in jeans, a black leather jacket and handcuffs.

"I literally felt like the ads were asking, 'Do you want to sleep with her?'" one critic railed on the Internet.

"You do, right? You should watch this show." **NE**

NATURAL DANDRUFF BUSTERS!

HEADS up, folks! Dandruff can be caused by eczema, psoriasis or simply a dry scalp. A quick remedy is aspirin, which contains the salicylic acid found in many medicated shampoos. Crush two to a powder, add to your shampoo and don't rinse for two minutes. Wash again for maximum effect.

Shield yourself from CARPAL TUNNEL TORMENT!

BROOKE Shields is on the mend after double wrist surgery for carpal tunnel syndrome, which affects one in 20 Americans! OTC pain medications can relieve repetitive motion symptoms, caused by activities like typing, and cortisone shots can also help. Simple rest and stretching can be effective, along with adjusting the position of your keyboard and chair. If the condition persists, you may have to follow Brooke's lead into surgery.

Another reason to stop drinking

TOO much booze can increase your risk of stroke or diabetes as much as high blood pressure or diabetes. People who average more than two drinks a day have a 34 percent higher risk of stroke. Researchers found heavy drinking lifts the risk of stroke in late middle age, starting at age 50, and mid-life heavy drinkers (50s and 60s) are likely to have a stroke five years earlier than non-drinkers. Middle-age men should have less than two drinks a day; non-pregnant women, just one.

Battle sleep eating!

BOTH men and women are vulnerable to sleep-related eating disorders, like eating while sleepwalking, which can lead to weight gain and type 2 diabetes, and night-eating syndrome — when a person wakes up and can't fall asleep again without eating. Treatment can involve an overnight stay in a sleep lab to monitor brain activity. Medication can offer help, but sleeping pills may increase confusion and result in injuries during sleepwalking.

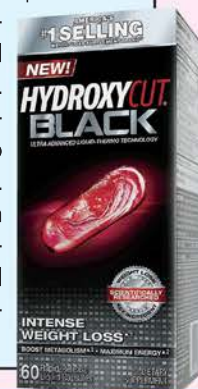

Playtime plays a crucial part

KIDS need to go outside more! New research from the American Journal of Preventive Medicine found only three in 10 children in full day-care programs get at least an hour of outdoor recess each day. "Daily physical activity is essential for children's growth and development," explained senior study author Dr. Kristen Copeland, a pediatrics researcher at Cincinnati Children's Hospital Medical Center who said kids need exercise to boost heart and bone health — and improve attention and thinking. "Gross motor skills are a really important part of growing up," she added.

HOW TO KEEP YOUR ARTERIES CLEAR!

Try these natural boosts to keep an open road to your heart!

OBVIOUSLY, Sylvester Stallone knows how to hit the gym, but even a 69-year-old action star has a daily fight to keep his arteries open! Fortunately, there are natural ways to knock out that health risk and keep the blood flowing.

1 ROSEMARY AND SAGE

These common herbs have a very uncommon benefit — they're packed with carnolic acid, which burns off lots of arterial plaque. You can buy them as herbal supplements!

2 TOMATO SAUCE

Tomatoes offer lots of the antioxidant lycopene, which reduces plaque in the arteries, but the antioxidant works even better when combined with fat. Hello, pizza and pasta!

3 COENZYME Q10

This natural substance, which can be found in beef, sardines, mackerel and peanuts, can also be taken as a supplement capsule. Q10 is vital for undoing damage caused by artery-clogging trans-fatty acids!

4 CAPERS

These flavorful buds have always been part of a healthy Mediterranean diet. They lower triglyceride and cholesterol levels, while cutting back the formation of arterial plaque! Toss 'em in a sauce or salad.

5 BROCCOLI, KALE, CABBAGE AND SPINACH

Your mother was right about "green, leafy vegetables!" All come packed with an antioxidant known as lutein, which reduces the thickness of carotid artery walls.

6 DARK CHOCOLATE

Here's another dream come true! Dark chocolate has flavonoids, also found in a variety of fruits and vegetables, that slow down the development of arterial plaque for some very sweet results.

P'S THE MASTER AT BALANCING HIP-HOP & HOME!

FORGET about all those other headline-grabbing hip-hop dynasties. “Master P’s Family Empire” is the real deal!

Music mogul and rap impresario Master P has opened the door to give the public a peek inside his home — and business — thanks to this REELZ network original series.

Master P, also known as Percy Miller, 46, is a music mogul

committed to expanding his rap realm — but with five kids ranging from 10 to 26 years old, he’s also got his hands full on the home front.

The show gives a unique insider look as P balances big deals, charity work, hip-hop stardom and just being a dad.

Master P has sold more than 75 million records on his way to amassing a fortune of \$350 million, but he originally

kicked it on the mean streets of New Orleans, in the dangerous Calliope projects.

No stranger to hard work, this Grand Master doesn’t intend to give his kids a privileged path to a life of luxury.

P’s personal parenting mantra is, “I’m your father, not your friend.” And when you tap into his rap reality, it’s easy to see that his tough-love teachings filter into his

daily interactions.

Son Venno, a 22-year-old model and “life of the party,” runs up a Def credit card debt and gets into big trouble with the old man. P frets when teen daughter Cymphonique dives into the dating pool. And he’s forced to manage expectations when his oldest son, Romeo, thinks he’s finally found his Juliet.

CELEBRITY GIFT GUIDE!

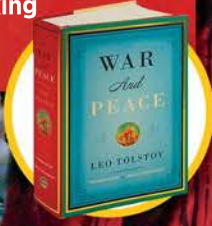

What the stars *REALLY* need this Christmas

PEOPLE of all ages just love to receive that special holiday gift from Santa — and celebrities are no exception!

That's why All the Buzz has checked the naughty and nice lists for some great presents for our favorite stars to unwrap on Christmas morning!

JARED FOGLE: A copy of 'War and Peace'

The ex-Subway pitchman is now doing a 15-year sentence after his kiddie-porn bust. Leo Tolstoy's epic 19th-century saga should keep him busy when he's not making license plates.

MILEY CYRUS: A winter coat

Ah, Miley. Although it seems like clothing is your enemy these days, you'll need a warm coat this season to keep you toasty while you're gyrating or smoking weed on stage.

LARRY KING: Adult diapers

Earlier this year, the eight-times-married octogenarian was seen in Hollywood with a rather discouraging stain on the front of his pants, so this year we got him some Depend undergarments — get back into life, Larry!

MIRANDA LAMBERT: A sweet, reliable man

Holidays aren't easy for single gals, and poor Miranda will spend Christmas manless, having lost Blake Shelton to his "Voice" co-judge Gwen Stefani. How about Tom Hanks? He's married, but Rita Wilson just might loan him out.

MADONNA: A walker

Poor Madge, always trying to prove herself! Even at 57, the Material Girl shows no signs of slowing down on her raunchy world tour. But there's no way she doesn't feel the aches and pains after each show. So we've wrapped her a nice, shiny walker she can prop herself up with between tour dates.

VALERIE BERTINELLI: An exercise bike

Poor Val's been packing on the pounds, so this exercise bike should help get her back in shape! She may gain it right back once she starts taping the new season of her cooking show, but we're optimistic she'll stick to it.

VOICE OF AMERICA

Letter of the week

Charlie's stupidity

Charlie Sheen, you made your bed and sadly must lie in it ("AIDS Cover-Up Explodes!" Nov. 30). How can a multimillionaire who seemingly has it all be so freaking stupid as to have unprotected sex with allegedly 2,000+ women — mostly hookers and adult film stars — and not expect terrible consequences? At the end of the day, stupidity trumps fame and fortune.

—Mark O., View Park, Calif.

Win \$50 for the **LETTER OF THE WEEK** and \$25 for every other letter we publish.

Rigged 'Dancing'?

Derek Hough has now won "Dancing With the Stars" six times ("Bindi's the New Darling of America," Dec. 14). Does he EVER get an older, heavier or less capable partner? Give someone else a chance!

—S., Jupiter, Fla.

Foolish Fallon

I wish Jimmy Fallon would smarten up ("Cocaine & Booze Hell," Nov. 23). He has a beautiful family; he is talented and good-looking. What more does he want? He will lose everything if he continues his lifestyle.

—E.A., Adams, Mass.

THE BEST SOURCE FOR COINS WORLDWIDE™

Heston's house is up for grabs!

LATE, great movie legend Charlton Heston's former home has been put up for sale for a whopping \$12.5 million, and whoever buys it will be getting a slice of history!

The hilltop Los Angeles pad was built in 1959 while Charlton filmed the classic "Ben-Hur," and he lived there until his death in 2008 at the age of 84.

"This stunning estate looks like a mid-century time capsule," boasted Redfin agent Alec Traub. "The home also comes with a beautiful library and an outdoor pool with incredible views."

COVER your eyes, Miss Aniston! Jen's other half, Justin Theroux, stripped off completely for his TV show, "The Leftovers," getting soapy and slippery for the viewing public!

ENQUIRER EXCLUSIVE MARIE OSMOND'S A GRANNY AGAIN!

GLAM-MA Marie Osmond has a lot to be thankful for! The day after Thanksgiving, the singer, 56, became a grandmother for the third time when her son Stephen Craig and his wife, Claire, welcomed their second baby boy!

"Marie and her husband, Stephen Sr., are hands-on grandparents," said a source. "Marie has bent over backwards to help both her daughter-in-law Claire and her daughter Rachel — who has a 4-month-old baby girl called Rocket Jade — because she knows how taxing it is to be a new mom."

In 1999, Marie walked away

from her family and newborn son when she couldn't handle the stress of being a new mom.

The singer said she actually contemplated suicide until her mom, Olive, tracked her down and was able to convince her

she needed help.

"Marie's mother may well have saved her life," said the source. "So Marie is determined to be there for her girls in hopes of making it easier for them to adjust."

DOLLY'S BIT ON THE SIDE GETS GREEN!

THERE'S no holiday joy for Dolly Parton's secret lesbian lover, Judy Ogle.

The married country queen's childhood friend is sick of Dolly surrounding herself with female country stars Cassadee Pope and Jennifer Nettles, sources said.

"Even though both those gals are straight, Judy hates Dolly lavishing attention on them," a Nashville source told All The Buzz.

Dolly, 69, is appearing on NBC's "The Voice" with past champ Cassadee — and the network is airing "Coat of Many Colors," a movie special in which Jennifer plays her mom. While Dolly has denied a sexual relationship with Judy, she's admitted they slept in the same bed.

Intricate, fully sculpted characters from each film bring a magical touch, as tiny scenes are posed on the toe of each slipper. Tiny sculpted bows and buckles are fashioned as mementos of each heroine that relate to her very own story.

Thousands of Plastic Surgeons Could Go Out of Business by 2017!

“When Dr. Oz featured phytoceramides on his TV show, he didn’t realize he might be responsible for putting thousands of doctors out of business.”

By Steph Weller

NEW YORK: Plastic surgeons are angry. And for good reason. The U.S. launch of the new “face-lift pill”, **Dermex-P**, might have them scrambling for new careers. Their “bread and butter” business; making older faces look young again, could go away tomorrow.

In a time when 50 is the new 30, the pressure to look younger is greater than ever. Perhaps this is why Americans spent over \$12-billion on anti-aging products and procedures — just last year. A number that had doctors and cosmetic manufacturers doing a jig in 2014 — but “not for long!”

Doctor Oz Exposes Hollywood’s “Age-Curing” Miracle to the World!

When TV’s **Doctor Oz** featured phytoceramides (the key ingredient in Dermex-P) on his show, he didn’t realize the damage he was doing. Everything that **Doctor Oz** said about the ingredient was true. “This is no ‘old wives tale’. It’s a scientific fact! The clinical tests are indisputable,” said one industry insider. And that’s the problem. It works too well! And that’s exactly what has estheticians and the cosmetic industry so worried. That would mean products and services like facials, Botox® injections and other means of making yourself look younger could soon be obsolete.

According to **Doctor Oz**, a recent clinical study conducted at Osaka City University in Japan proved the effects of phytoceramides on 6 men and 27 women. Each had wrinkles, age lines and sagging skin conditions that made them look years older than they actually were. Typically, their skin was dry, inelastic, wrinkled and old-looking.

Real Stories, Real Results

“My husband left me for a younger woman last year and he took my self-esteem with him,” says 50 year old Lydia S. of Tampa, FL. “When I read an article about Dermex-P and how its main ingredient was clinically proven to restore a youthful appearance, I thought, “Why not?”. Lydia goes on to say with a smile, “What they say is true, living well is the best revenge. I have my confidence back and am dating men half my age. My friends and family cannot believe the difference!”

54 year old Joan from Phoenix, Arizona says “After using Dermex-P for four weeks, I looked in the mirror and felt like a 30 year old with 24 years of experience!”

What Would You Choose...

The study concluded when administered daily, the phytoceramides used in Dermex-P would moisturize and hydrate old skin to *identically mimic* the skin of people in their early 20’s. **Phytoceramides reverse wrinkles** through a process called elastase suppression and collagen production. Simply put, Dermex-P plumps away wrinkles using your body’s own collagen. And keeps your skin moist and smooth much like a humidifier keeps cigars fresh.

Not a Cream, Cover-up or Surgical Procedure

Dermex-P isn’t a drug, a cosmetic, or a messy cream. Dermex-P is something completely different. There are no needles involved – you don’t even need a **prescription** for it.

“9-out-of-10 users report; people accuse them of having surgery” says researcher, Joel Carson. **Dermex-P** actually youthens every cell in your body! Wrinkles fade, fine lines vanish and your skin is flooded with new moisture – from the inside out.

Doctors say **Dermex-P** is so effective, that in most cases, there’s no reason for anyone to go “under the knife”. It just works better! And because you take phytoceramides orally (through the mouth) instead of topically (on the skin), not only will the skin on your face look young – *virtually every organ in your body gets younger too.*

“I’ve seen some people start taking them and look like a different person just a month later!”

Says supplement manufacturer, Daniel Dembinski; “**Doctor Oz** was right! Phytoceramides are remarkable! I’ve seen some people start taking them and look like a different person just a month later. I know it sounds crazy but you can’t argue with facts. The pill is a better, more effective method than anything I’ve seen.”

Plastic surgeons aren’t the only ones furious about the U.S. release of Dermex-P. Hollywood execs are nervous about the launch too.

Celebrities make their fortunes on their looks. It’s what separates them from us. And today, the younger you look, the more acting jobs you get. Surgery and estheticians give celebs the edge over us mortal folk. But if everyone looked younger, Hollywood execs fear their stars may lose their appeal.

“It hydrates old skin to identically mimic the skin of people in their early 20’s”

Until recently, unless your name was **Angelina Jolie**; or you were married to **Donald Trump**, you had no idea what phytoceramides were. But now with the public release of Dermex-P; phytoceramides are available to all-- and shockingly affordable too.

Aging is Inevitable, Wrinkles are Not!

According to top plastic surgeons, **Dr. Shirley Madhere** and **Dr. Leif Rogers**, phytoceramides work underneath your skin to reverse aging. It’s instantly absorbed into the bloodstream, and is carried directly to the inner and outermost layers of your skin - restoring it on a cellular level. It just makes a lot more sense than other methods.

“This will undoubtedly have a tremendous impact on the future of cosmetic surgery. It has to.

Dermex-P is drastically cheaper in comparison. And it gives you shockingly similar results,” says one successful Beverly Hill’s surgeon. “The medical community is up in arms because the average cost of a facelift is about ten thousand dollars; and the recovery time is painful and can take as much as 2-3 weeks! We will soon start to see the trend steering away from medical procedures to a safer, more inexpensive solution like Dermex-P.”

The distributor of Dermex-P is offering a **100% Risk-FREE 30-day trial supply to anyone who asks.** They say, it’s the best way for people to see for themselves how well it works. Try it for 30 days – if your wrinkles don’t disappear from your entire face and neck, return the bottle, even if totally empty. You’ll be completely refunded – no questions asked. But no one’s promising this offer will stay open forever. Considering the demand for Dermex-P, the FREE trial supply could prove too costly for the company to keep up with. That’s why it’s important to call now before the FREE trial is no longer available.

We will also send you a FREE GIFT just for trying Dermex-P and of course you are backed by our unconditional 30 Day Money Back Guarantee on all of our products. It’s that easy! Call **1-800-734-9755** now before this offer is closed forever.

ASK THE VET

WITH DR. JEFF LACROIX

Owning a pet can be a rewarding but often puzzling experience. ENQUIRER columnist, top veterinarian Dr. Jeff LaCroix, answers the toughest questions about your four-legged friends.

HOW TO FIND A NEW VET
 We just moved to a new town. Of course we have to find a new doctor and dentist, but, for us, finding a good veterinarian is just

as important. How do you suggest we do that?

Clients often ask that question when they move from my practice.

Word of mouth is most reliable in my experience. For instance, people with multiple pets are likely to have many veterinary contacts.

Better yet, someone involved in organized activities with their pets — such as obe-

dience training, agility, field trial competition or even dog shows — should be a good judge of veterinary services.

Often your present veterinarian will have former classmates or contacts in your new area and can give you a recommendation.

Send your pet questions to Ask The Vet, National Enquirer, P.O. Box 1831, New York, NY 10156 or email letters@nationalenquirer.com.

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

Brave brothers Michael and Neil took a sensational selfie before freeing the eagle

ALL IN A **GOOD CLAWS!**

Brothers rescue rare bald eagle

TWO Canadian brothers began the day as hunters but ended it as heroes!

While seeking grouse in Windy Lake, Ontario, Neil and Michael Fletcher made a most spectacular find — a bald eagle in a hunting trap!

After freeing the frightened bird from the snare, they snapped a spectacular selfie with it before it flew away.

The brothers, both in their late 20s, bravely kept the bird calm while placing a

Neil lifted the bird to give it a push before it took off

hoodie over its head so they could maneuver its foot out of the hold.

“It was relieving to see that it was still alive,” said Neil, adding, “I knew we had to do something right away.”

Once the eagle was finally safe, Neil and Michael took the amazing shot.

“I knew this would never happen again, so before we let it go, I told my brother Michael, ‘We should take a picture with it.’ The bird had its mouth open, but he never tried to fly or bite,” said Neil.

One bird expert heaped praise on the siblings’ brave act in handling the predatory

beast with a 6-foot wingspan and razor-sharp claws and beak.

“I think it’s really great ... Michael and Neil took the gumption to actually try and deal with the bird,” said Chris Blomme of the Sudbury Ornithological Society.

While bald eagles faced extinction in the late 1970s, they have made a resounding recovery and, in 2007, they were removed from the list of threatened and endangered species!

So for their courageous act of kindness, the Fletcher brothers soar to the top of this week’s Odd List! **NE**
